Forecast For Northeast England
Issued by Met Office Exeter
at 0400 on Monday 01 Mar 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Dry and sunny by day , cloudy with fog tonight.

Today:
A few early low cloud and fog patches soon clearing. Bright and sunny spells developing for many through the morning and afternoon. Feeling rather mild with light winds and in any direct sunshine. Maximum temperature 10 deg C (50 deg F).

Tonight:
Becoming increasingly murky with low cloud and sea fog moving in from the coast. Becoming cool overnight with a chance of frost over high ground. Minimum temperature -1 deg C (30 deg F).

Tuesday:
Mostly cloudy on Tuesday with early widespread fog lifting into low cloud then clearing away from coastal parts, with some sunny spells developing. Remaining cold and foggy towards coasts. Maximum temperature 7 deg C (45 deg F).

Outlook for Wednesday to Friday:
Mostly cloudy and foggy Wednesday, with brief brighter spells. Rather cloudy initially on Thursday, perhaps with a spell of rain followed by clear, dry and cold conditions into Friday.
